Automatic Label System
1-Sided Panel
Round Bottle Wrap Applicator

U.S. PACKAGING EQUIPMENT, LLC

Standard wrap systems come complete with an 8-foot by 6-inch chain link conveyor, a single applicator head I/O mount, a 6-inch by 11-inch wrap station, a microprocessor controller hung from an articulator arm, guide rails, and a spacer wheel assembly. The conveyor height is fully adjustable between 32 and 39 inches and capable of handling products up to 6-inches wide. Each conveyor system includes heavy duty construction, robust locking casters, vertical, horizontal and swivel adjustments for applicator head mounting and a heavy duty adjustable speed AC motor.

- Compatible with our ST600, ST1100, ST2100, ST3100 and PA4000 automatic label applicators.
- Capable of running at speeds of up to 600, 1100, 2100 or 3100 linear inches per minute respectively.
- Heavy duty construction specifically designed for industrial applications.
- Stainless steel and anodized aluminum provide protection from corrosive environments.
- Solid construction ensures even product handling resulting in extremely accurate label placement.
- Fully adjustable I/O mounts permit the applicator head to be oriented to any attitude for side, top or bottom label placement.
- Handles a full assortment of label shapes and sizes.
